## **GENERAL POLICY**

The Board expects the Principal and staff to administer the College in the spirit of the Charter and the Strategic Plan. These documents articulate values for the College.

The Board expects that the Principal will develop administrative policies for staff and students that relate to a number of areas. These policies are generally contained in the Staff Handbook that is updated each year.

The Staff Handbook is a management document that expresses the general intent of the Board and can be modified by the Board in discussion with the Principal as a need arises. It contains policy in areas and procedures that the Board supports and approves for example:

- Appraisal
- Health and safety
- Working conditions
- Leave
- Care of the environment
- Outdoor education
